

401375

Economizer™ with Visual Indicator (LED)

Created for facilities on set service schedules.

Incorporates all the same performance and reliability found in all of our dispensers.

- Visual Power-On indicator.
- One dispenser controls up to 6,000 cu. ft. of space.
- Engineered to meet service cycles.

Optimized for your service cycles without the programming time. Dispenser set to operate for 30 days with standard TC aerosol refill or 90 days when using a Microburst 9000 refill.

Power Visual Indicator

Flashes a yellow light indicating batteries are good and dispenser is functioning.

Keyed Lock

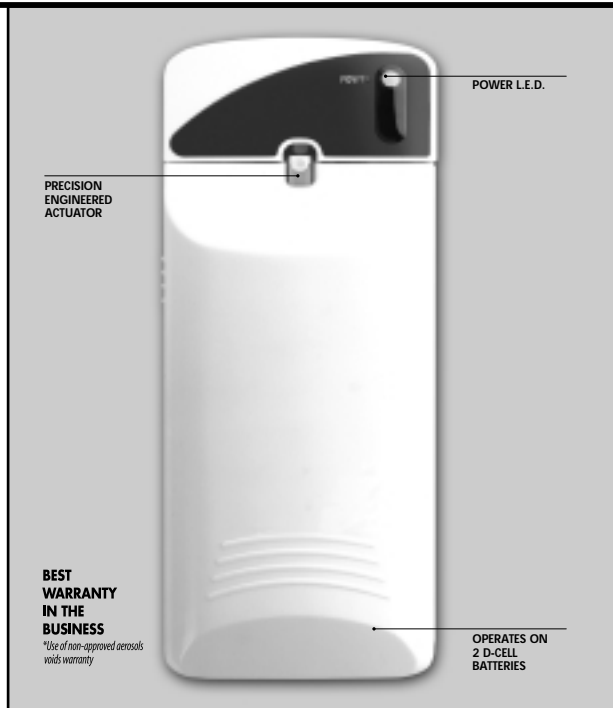

Available optional keyed lock available to prevent tampering, pilferage, or disabling the dispenser.

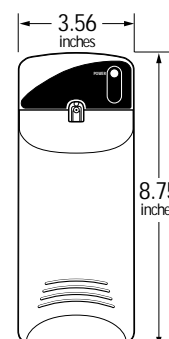

Long Battery Life

Monthly battery replacements are a thing of the past. Smart Chip technology extends battery life to one year or longer on one set of alkaline batteries... a big cost saving feature!

Operates on 2 D-Cell Alkaline Batteries. *(not included)*

Case Pack: 6
Case Weight: 7 lbs.
Case Cube: .46

Uses all Standardized Aerosol Refills & Microburst 9000 Refills
