### Why our Wood Cleaner works so well-

Avocado oil, cedarwood oil, and olive oil are used to replenish the luster, color, and richness of wood. These are combined with the new technology of a Citrus terpene surfactant that draws upon the natural chemical components found in citrus fruits for optimal cleaning and stain removal efficacy.

### DIRECTIONS: NOT FOR USE ON FLOORS.

Apply **Wood Cleaner & Conditioner** to a soft cloth and apply to wood, wiping with the grain. Allow to fully dry before touching.
