

Dries Quickly And Is Safe For All Fibers And Fabrics

Dry-Foam Certi-Foam™ is a fast drying, high sudsing shampoo for use in horizontal brush dry foam machines or rotary machines. **Dry-Foam's** controlled solvent action is tough on dirt, but still safe for use on all carpets. When the carpet has to be cleaned, but drying time is limited, **Dry-Foam** will do the job. **Dry Foam** works on all types of soil to loosen it from the carpet fiber. Browning or yellowing is minimized if used according to directions.

DIRECTIONS: Shake well before using. Test fabric in inconspicuous place for color fastness before using.

DRY FOAM MACHINES:

1. Prepare carpet for shampooing in normal manner. A **Certified Pile Brush** should be used for better cleaning.
2. Mix 8-10 oz. (237-295 mL) **Dry-Foam** to gallon (3.78 L) of water.
3. Apply with a hand brush to brush in excess foam.
4. The carpet can be dry and back in use in 30 minutes.

ROTARY SCRUBBERS:

1. Mix 12-16 oz. (355-473 mL) **Dry-Foam** with each gallon (3.78 L) of water
2. Finish carpet in the usual manner.
3. Use carpet protectors under furniture legs on damp carpet.

*Also available in a 40:1 concentrate DRY-FOAM Certi-Foam™ Shampoo

NOTE: Freezing will not affect cleaning power. Thaw, shake well and use.
