

# For Easy Removal Of Organic Stains, Soil and Odors

**Liquid Enzyme Pre-Spray** is a special formulation containing enzymes and a pleasing fragrance. It may be used as a pre-spray for carpet cleaning or as a wet cleaning spray for upholstery cleaning. Complete and thorough removal of organic odors and related soils using a bio-enzymatic action. It contains corrosion inhibitors and other ingredients to improve performance in hard water. It is safe, environmentally responsible and biodegradable.

**DIRECTIONS:** Shake well before using. Test fabric in inconspicuous place for color fastness before using.

#### TO PREPARE STOCK SOLUTION:

##### For truck mounts

Prepare the cleaning solution concentrate by adding 2 to 4 quarts (18.9 L - 3.785 L) of Enzyme to 5 gallons (18.9 L) of water in concentrate tank.

##### For portable jet extraction machines

Add 4 to 8 oz. (120 - 237 mL) of Enzyme to every 5 gallons (18.9 L) of water.

##### To use as a deodorizing pre-spotter

Mix 50/50 with the warmest possible tap water and treat as you normally do with non-bioactive spotters. Cover spot with a hot wet towel if convenient. Cleaning action will continue as long as the carpet remains warm and wet.
