# Series TBP

## Pipe-Mount Bimetal Thermometers

### Dial Sizes: 2½" (65mm)

Series TBP Pipe-Mount Bimetal Thermometers are used in commercial, residential, and institutional HVAC applications. It features a black enamel steel case, chrome steel ring, Kostil polymer window, and bimetal spiral spring sensing element. Model TBP-M features a spring mount and Model TBP-F features a strap mount to facilitate external pipe mounting. Dual reading scale (°F, °C).

TBP

### Features

- Black enamel steel case
- Kostil polymer window
- Chromed steel ring
- Bimetal spiral spring sensing element

### Approvals

Certified by The Northern Certification Society of Italy  
(Det Norske Verita Italia S.r.l.)

### Standards

ISO 9002 quality standard

### Temperature

Working Temperature: 32°F to 248°F (0°C to 120°C)

# WATTS®

Watts product specifications in U.S. customary units and metric are approximate and are provided for reference only. For precise measurements, please contact Watts Technical Service. Watts reserves the right to change or modify product design, construction, specifications, or materials without prior notice and without incurring any obligation to make such changes and modifications on Watts products previously or subsequently sold.

## Materials

Case: Black enamel steel  
 Window: Kostil polymer  
 Ring: Chromed steel  
 Sensing Element: Bimetal spiral spring
